

Laminated Tulip Card with Multi-Colour Ombre Inking

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT TV - 26 OKTOBER 2023

OVER DIT PROJECT

Create a stunning floral card featuring vibrant tulips with a beautiful ombre colour effect. Using the lamination stamp system, you'll apply multiple ink colours to create natural colour gradients on delicate tulip blooms. The finished card showcases watercolour-style flowers in coral and peach tones with fresh green foliage, mounted on a black mat for elegant contrast.

STAP 3 VAN 8

Add a touch of yellow ink to the centre point of the tulip stamp where the pink and white ombre colours meet. This creates a smooth colour transition in the middle of the flower.

TIPS UIT DE SHOW

- Using daubers allows you to cherry-pick exactly where you place each colour on the stamp.
- The ombre effect on tulips naturally occurs at the middle point where the petals meet, so concentrate your colour transition there.
- This technique works beautifully for Mother's Day cards and other floral occasions.
