EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT TV - 23 OKTOBER 2023

HET EINDRESULTAAT

OVER DIT PROJECT

Create an elegant monochromatic card featuring a delicate embossed design on smooth black cardstock. Using black ink and embossing powder, you'll achieve a subtle textured effect with dimensional detail that catches the light beautifully. The debossed reverse side reveals the intricate texture transfer, resulting in a sophisticated piece perfect for special occasions.

TIPS UIT DE SHOW

- The texture of the cardstock transfers to the ink when embossing, creating a subtle jelly plate effect.
- Smooth cardstock works best for this technique to show the texture transfer clearly.
