

Snow drift-woordkaart van hoek tot hoek

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT TV - 17 OKTOBER 2023

OVER DIT PROJECT

Make a stunning winter scene card with a diagonal snow drift word die flowing from corner to corner. The design features a painted snowy landscape with evergreen trees and elegant script text, creating a sophisticated festive greeting. Use die-cutting, stamping and optional 3D layering techniques to build depth and visual interest.

WAT JE NODIG HEBT

- Christmas Snow Drift Die - Joy - 060323C

STAP VOOR STAP

STAP 1 VAN 4

Select a snow drift word die (such as 'Greetings') and position it diagonally across your card from one corner towards the opposite corner. The word should run from the bottom left to the top right of your mounted winter scene.

STAP 2 VAN 4

Run the die through your cutting machine to cut out the word shape from your card base. The die cuts out decorative word sentiments that can be layered onto your festive cards.

STAP 3 VAN 4

Layer one of the painted mount toppers on top of your card using 3D foam pads to create dimension. Position the topper carefully to ensure even spacing around the edges.

STAP 4 VAN 4

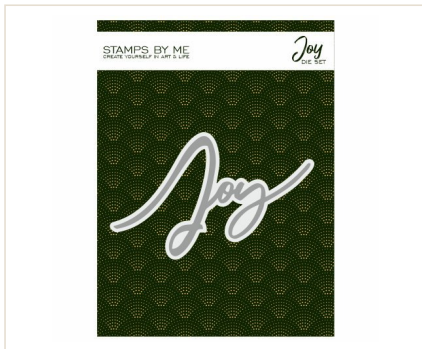

Adhere the layered topper to the card front, positioning it to complement the corner-to-corner 'Winter' word placement. Ensure the castle image and gold sentiment are centred and aligned with the diagonal design.

TIPS UIT DE SHOW

- The snow drift word doesn't have to be Christmas-themed; it works for any occasion like birthdays.
- You can use the word in different colours by choosing different card stock to cut from.
