Veelkleurige klassieke roos met glitterpasta

EEN PROJECT UIT ONZE LIVESHOW - FRIDAY START TO THE WEEKEND - 13 OKTOBER 2023

HET EINDRESULTAAT

OVER DIT PROJECT

Create three stunning floral cards featuring classic roses in different colour schemes. Using yellow, orange and pink inks for a peachy rose, blue tones for an elegant arrangement, and rich browns for poppies, you'll build layered botanical designs with the same stencil set. Add sentiment labels and sparkly glitter paste embellishments for a glamorous finishing touch.

TIPS UIT DE SHOW

- You can revisit any earlier stencil layer with different colours to create unique, artistic variations.
- Glitter paste stencils are thick enough that careful application prevents smudging underneath.
- If you miss small crevices with glitter paste, it is not noticeable and adds to the organic, artistic look.
