Triple Embossed Heart Card with Mixed Metallics

EEN PROJECT UIT ONZE LIVESHOW - CREATE TOGETHER CLUB CHAPTER 3 - 3 OKTOBER 2023

HET EINDRESULTAAT

OVER DIT PROJECT

Create a stunning square card featuring a heart made from glittering stars in mixed metallic tones of rose gold, gold and bronze. The heart is embossed using a stencil and die-cutting machine, then enhanced with sticky ink and multiple layers of metallic embossing powder for a beautiful raised, textured effect. A white panel frames the design, with a gold glitter ribbon and heart embellishment adding the perfect finishing touches.

STAP VOOR STAP

STAP 1 VAN 12

Place a card blank underneath your white card on the die-cutting mat as a shim. This helps the stencil emboss properly into the cardstock.

STAP 2 VAN 12

Position your heart stencil on top of the kraft card. Run the card and stencil through the die-cutting machine without forcing it to emboss the heart design.

STAP 3 VAN 12

Open the card and examine the embossed heart detail that has come through from the stencil. The pattern should be clearly visible on the card surface.

Die-cut your chosen sentiment word from white card using the appropriate die from your set.

STAP 7 VAN 12

Using a sticky ink pad, gently dab over the raised embossed snowflake design to ink the raised areas. Work carefully to ensure even coverage across the embossed pattern.

STAP 8 VAN 12

Sprinkle gold embossing powder onto the sticky embossing ink on your card. Shake off the excess powder onto a separate piece of paper to reveal the embossed design with gold glitter and stars.

STAP 9 VAN 12

Heat set the embossing powder with a heat gun until it's fully melted and shiny. Move the heat gun slowly over the design to ensure even coverage.

TIPS UIT DE SHOW

• Never force anything through your die-cutting machine; use shims (extra card layers) to help stencils emboss without jamming.
• The salt and pepper technique of sprinkling embossing powder creates a mixed, distressed look that catches the light beautifully.
• Use the sticky ink pad on the raised embossed detail to create a double or triple emboss effect similar to glitter paste.
