

Sfeervolle reflectieachtergrond met spetters

EEN PROJECT UIT ONZE LIVESHOW - THE INSTANT ARTIST - 2 OKTOBER 2023

OVER DIT PROJECT

Create a moody, atmospheric background using vibrant pink and purple inks blended with water spray to achieve a soft, watercolour effect. Add dramatic spatter details for visual interest and texture. This layered technique is perfect for Halloween cards or dramatic artistic designs.

STAP 2 VAN 7

Spray the card with water to create a wet surface. Use a water spray bottle to mist the purple ink areas evenly.

3

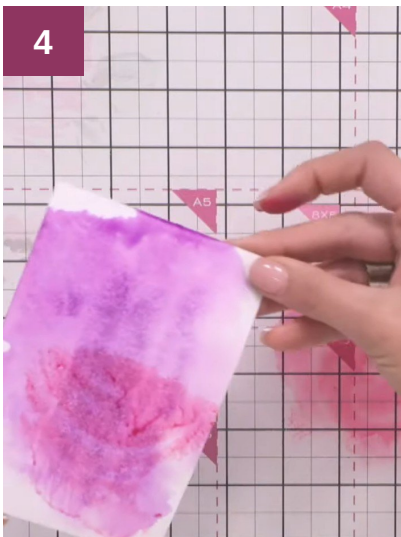

STAP 3 VAN 7

Drop purple ink onto the wet card and allow it to spread naturally. Remove any excess ink with a tissue and continue building up the colour.

4

STAP 4 VAN 7

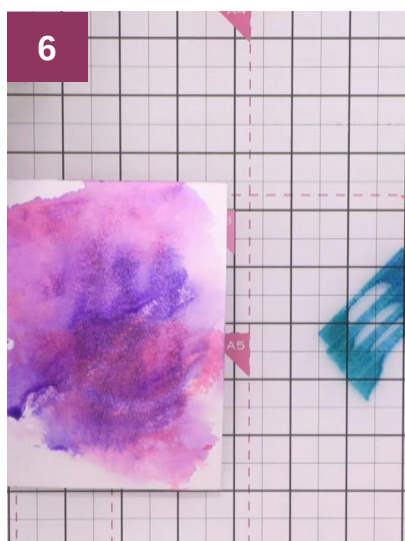

Add pink ink to different areas of the card, allowing the colours to blend naturally where they meet the purple ink.

[BEKIJK DEZE STAP - 18:30](#)

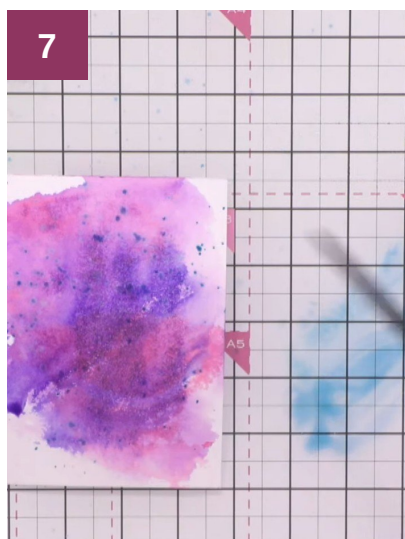

STAP 5 VAN 7

Add blue ink to your background to create depth and a moody tone. Apply the ink in areas where you want darker, more dramatic effects, blending it with the existing pink and purple tones.

[BEKIJK DEZE STAP - 19:00](#)

STAP 6 VAN 7

Flick your fingers through one of the ink colours to create spatter texture across the watercoloured card background.

[BEKIJK DEZE STAP - 19:30](#)

STAP 7 VAN 7

Set the watercolour background card aside to dry completely. Once dry, it can be used as a background for stamped images or other card designs.

TIPS UIT DE SHOW

- Don't wear a white blouse when spattering ink.
- White spaces in your background are fine—reflections are never perfect.
- You can use a brush instead of your fingers to create spatter if you prefer.
