Aquarelkaart met schip en laminatiestempel

EEN PROJECT UIT ONZE LIVESHOW - THE ART OF CARDISTRY - 28 AUGUSTUS 2023

HET EINDRESULTAAT

OVER DIT PROJECT

Create a stunning nautical card with a watercolour-effect sailing ship set against soft blue washes. This project uses the innovative two-part lamination stamp technique to build up layers, creating a hand-painted appearance with fluid backgrounds and crisp definition. The finished piece combines artistic watercolour effects with precise stamping for a professional, gallery-worthy result.

TIPS UIT DE SHOW

- Spray the inked stamp with water to create the fluid watercolour effect.
- Allow the card to drink the ink before lifting the stamp to prevent it pulling away the colour.
- The outline stamp will extend naturally into the coloured areas, so precise alignment is not critical.
