OVER DIT PROJECT

Create a charming Halloween card featuring a family of trick-or-treaters stamped in silhouette across the base, enhanced with a stencilled moonlit halo background in vibrant sunset colours and white gel pen highlights. STAP VOOR STAP

1

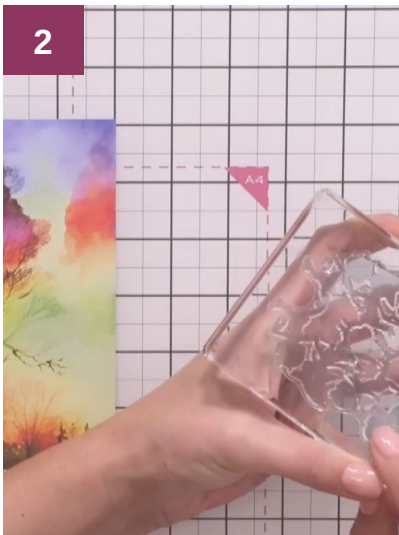

STAP 1 VAN 11

Select a patterned paper from the **Happy Haunting Reflection Collection** to use as your card base. Choose a design that features Halloween imagery such as trick-or-treating silhouettes and spooky text.

2

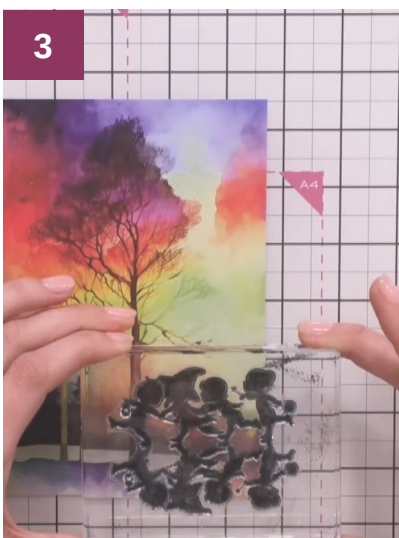

STAP 2 VAN 11

Ink up the family reflection stamp with black ink on an acrylic block. The stamp shows the reflection image that will be used for the card.

3

STAP 3 VAN 11

Position the silhouette stamp at the base of your card and press firmly to stamp the children figures along the lower portion, creating the effect of trick-or-treaters running to neighbours' houses.

4

STAP 4 VAN 11

Continue stamping the silhouette figures across the base of the card, overlapping them slightly to create a natural, flowing arrangement. Reposition the stamp to avoid symmetry and build up a scene of trick-or-treaters.

5

STAP 5 VAN 11

Position the circular stencil mask on the upper portion of your card front where you want the moon to appear. This will protect the moon area whilst you add colour to the rest of the background.

6

STAP 6 VAN 11

Load white ink onto a stencil brush and tap it around the stencil opening to create a moonlit halo effect around the silhouette design on your rainbow background paper.

STAP 7 VAN 11

Carefully lift away the circular stencil to reveal the glowing moon effect beneath. The rainbow-coloured moon should now be visible against the white background.

[BEKIJK DEZE STAP - 25:15](#)

STAP 8 VAN 11

Lightly position the stencil over the interior of the moon shape. Gently tap white ink through the stencil to create a soft glow effect within the moon.

STAP 9 VAN 11

Using a white gel pen, add highlights to the tops of the silhouettes' heads, arms and shoes to catch the moonlight effect.

10

STAP 10 VAN 11

Stamp the 'Trick or Treat' sentiment in black ink onto the centre of the card front, positioning it over the silhouette scene.

11

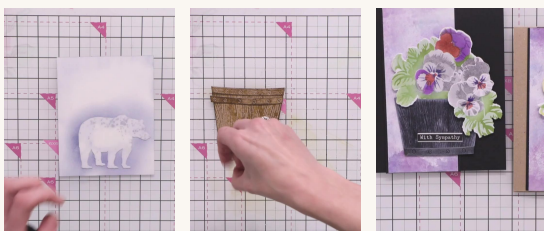

STAP 11 VAN 11

Adhere the 'Trick or Treat' sentiment to the bottom of your card front to complete the design.

TIPS UIT DE SHOW

- Reflections are never perfect, so the stamp design intentionally becomes slightly faded towards the bottom to create a realistic reflection effect.
- You can repeat the family stamp design to fill the entire card base or position it just at the centre or lower edge depending on your preference.
- The white gel pen highlights on the right side of the silhouettes create the illusion that the moon is reflecting down onto the figures.
