STAP 4 VAN 9

Select a marker pen in a hair colour shade. Follow the hair lines in the stamp design, feathering the colour outward to create natural-looking depth and dimension.

STAP 5 VAN 9

Apply a medium brown shade over the lighter colour using your marker pen, concentrating on areas where the stamp shows darker lines to build up depth and dimension in the hair.

STAP 7 VAN 9

Allow the markers to dry completely. The alcohol will evaporate and the colours will lighten as they dry.

STAP 9 VAN 9

Optionally add white gel pen highlights to the hair to enhance the halo effect and create catch lights, giving dimension and shine to the coloured areas.

TIPS UIT DE SHOW

- Alcohol markers dry lighter than they appear when wet, so go lighter than you think you need to.
- Leave white spaces in your halo and braids to create dimension and catch the light.
- Follow the stamp's line work—it does much of the shading work for you.
