STAP VOOR STAP

1

STAP 1 VAN 12

Stamp the Marilyn image onto white cardstock using midnight hybrid ink. Position the stamp carefully and press firmly to ensure a clear, detailed impression.

2

STAP 2 VAN 12

Gather several brown alcohol markers in varying shades, from light to dark. Select a range of tones that will allow you to create depth and dimension in the hair.

STAP 3 VAN 12

Test your chosen Gossip markers on scrap paper to create colour swatches. This allows you to see which shades work well together before applying them to the stamped image.

[BEKIJK DEZE STAP - 1:15](#)

STAP 4 VAN 12

Select the lightest brown marker shade. Apply colour to a section of the hair, starting with the halo area at the top of the head.

STAP 5 VAN 12

Colour the hair following the lines of the stamp design with a lighter marker. Leave white paper showing around the edges to create a luminous halo effect.

[BEKIJK DEZE STAP - 3:00](#)

STAP 6 VAN 12

Apply the light colour from the roots downwards, following the hair lines in the stamp design. Use light pressure and work in the direction of the hair strands.

[BEKIJK DEZE STAP - 3:15](#)

STAP 7 VAN 12

Move to the next section of hair, such as the braided or swag sections. Apply the lightest brown shade using the same technique, colouring in smooth strokes to build up the tone.

[BEKIJK DEZE STAP - 4:15](#)

STAP 8 VAN 12

Apply a medium brown shade (BR98) over the lighter layer on the hair, focusing on areas where the stamp lines are darker to add depth and dimension.

[BEKIJK DEZE STAP - 5:15](#)

STAP 9 VAN 12

Use a feathering technique with short tick-like strokes to blend the medium brown shade into the hair, rather than solid block colouring. Apply the strokes in the direction of the hair growth to create a natural blended effect.

[BEKIJK DEZE STAP - 6:00](#)

STAP 10 VAN 12

Apply the darkest brown shade to the braid sections and areas needing more definition and shadow. Use short strokes to add depth to the plaited areas of the hair.

[BEKIJK DEZE STAP - 9:45](#)

STAP 11 VAN 12

Go over the white halo area with a very light brown shade to blend and soften the harsh white edge if desired.

[BEKIJK DEZE STAP - 12:00](#)

STAP 12 VAN 12

Allow the alcohol to evaporate fully before assessing the final result. The colour will dry lighter than it appears when wet, so wait before deciding if additional layers are needed.

TIPS UIT DE SHOW

- Alcohol markers dry lighter as the alcohol evaporates, so go two shades lighter than your desired final colour and avoid overworking the same area.
- Leave white spaces in the hair rather than colouring it all in solid, as this creates dimension and catches the light.
- If you are not an advanced colourist, focus on colouring the hair and avoid colouring the face, as this is more difficult to execute successfully.
