

Horticultural Compendium Album with Pockets and Closures

EEN PROJECT UIT ONZE LIVESHOW - THE HORTICULTURAL COMPENDIUM - 13 AUGUSTUS 2023

HET EINDRESULTAAT

OVER DIT PROJECT

Create a beautiful square album with multiple pages, pockets and closures using floral-themed papers in soft pinks, corals and botanical prints. This project teaches you how to construct an interactive album from scratch, incorporating various pocket styles, decorative layering techniques, and a simple closure mechanism that you can personalise with tags and embellishments.

STAP VOOR STAP

1

STAP 1 VAN 16

Carefully remove the paper pack from the magazine by gently wiggling the papers out from the centre staples. Push the staples back in for safety.

2

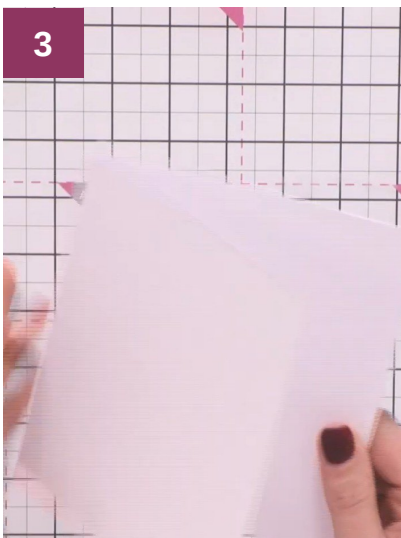

STAP 2 VAN 16

Separate the plain pattern papers from the decorative topper sheets. Set the topper sheets aside as these will be used differently throughout the album.

[BEKIJK DEZE STAP - 3:00](#)

3

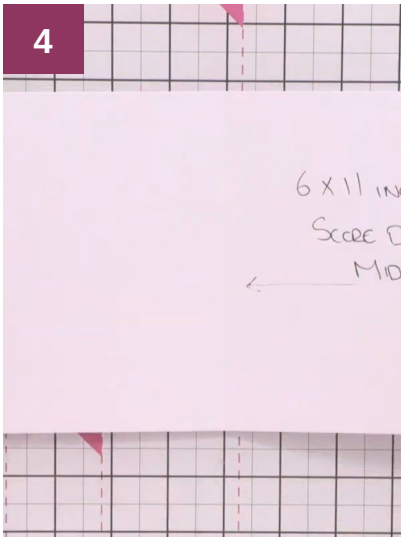

STAP 3 VAN 16

Cut a piece of white cardstock measuring 11 inches by 6 inches. This will form your album cover base. Use 250 GSM cardstock for a sturdy card weight.

[BEKIJK DEZE STAP - 6:30](#)

4

STAP 4 VAN 16

Take your 6 x 11 inch white cardstock and score down the middle to create the spine of your album.

[BEKIJK DEZE STAP - 6:45](#)

5

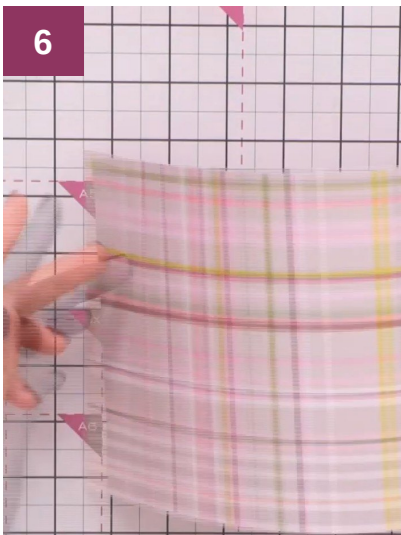

STAP 5 VAN 16

Cut your pattern papers to 6 inches wide to match the depth of your album cover. Use a ruler and trimmer to ensure straight, accurate cuts.

[BEKIJK DEZE STAP - 7:30](#)

6

STAP 6 VAN 16

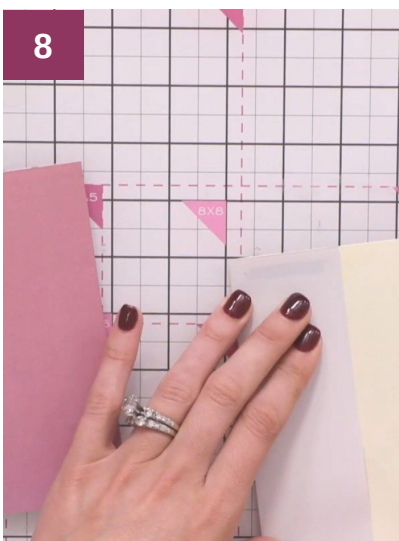

Take your first sheet of patterned paper and fold it in half. Score and fold additional flaps along the edges to create layered page elements with multiple folds.

[BEKIJK DEZE STAP - 9:45](#)

STAP 7 VAN 16

Score a line approximately 2 inches from the edge of your patterned paper. Fold along the scored line and adhere it to the pink card base to create an enclosed pocket.

[BEKIJK DEZE STAP - 11:00](#)

STAP 8 VAN 16

Adhere the pocket page to the inside of your album cover using tape, ensuring it aligns with the spine. Position the pink striped pocket on the left and the cream page on the right.

[BEKIJK DEZE STAP - 12:00](#)

STAP 9 VAN 16

Create additional pocket pages using the same folding technique, varying the pocket depths to 2 inches, 3 inches, and 4 inches to provide different storage options and visual interest throughout the album.

[BEKIJK DEZE STAP - 15:00](#)

10

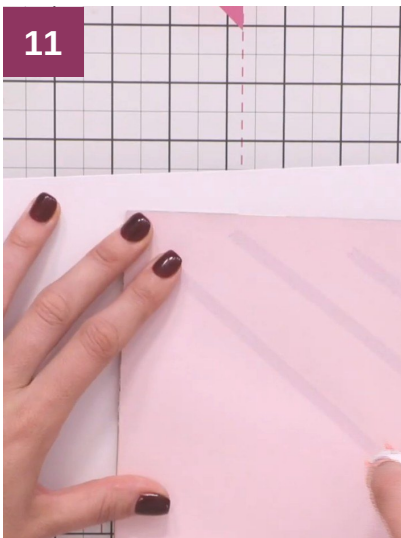

STAP 10 VAN 16

Adhere patterned paper pieces to the plain side panels of each page. Layer the papers to create decorative stacked pockets for additional embellishment space.

[BEKIJK DEZE STAP - 20:30](#)

11

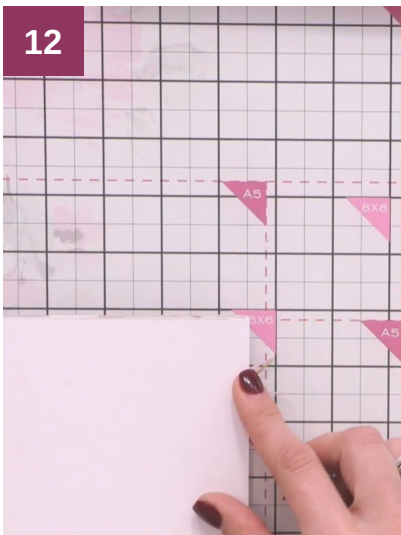

STAP 11 VAN 16

Adhere all pages into your album by applying tape along the spine edge of each page. Ensure the pages don't extend beyond the book's dimensions when attached.

[BEKIJK DEZE STAP - 29:30](#)

12

STAP 12 VAN 16

Cut patterned paper to fit your front and back covers, leaving a small white border showing around the edges. Adhere the patterned paper to the outside of your album covers.

[BEKIJK DEZE STAP - 34:15](#)

13

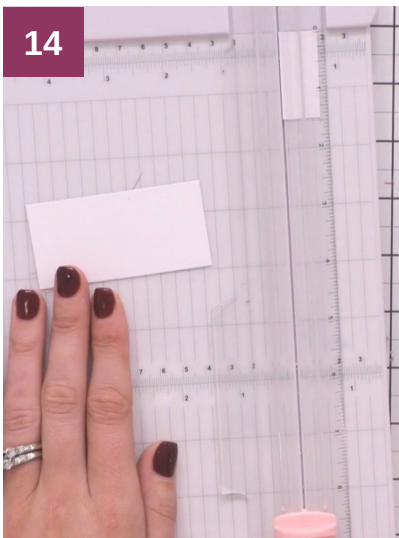

STAP 13 VAN 16

Cut out your chosen sentiment or topper from the paper pad. Adhere it to the front cover of your album as the main focal point.

[BEKIJK DEZE STAP - 36:15](#)

14

STAP 14 VAN 16

Cut a piece of white cardstock measuring 1.5 inches wide by 3 inches long for the closure strip. Layer the white cardstock with coordinating patterned paper to match your album design.

[BEKIJK DEZE STAP - 39:30](#)

15

STAP 15 VAN 16

Adhere the closure strip to the back of your album using glue at the top and bottom only. Leave the middle section free so it can wrap around the album.

[BEKIJK DEZE STAP - 41:30](#)

16

STAP 16 VAN 16

Decorate the closure and album exterior with flowers, embellishments and toppers from your kit. Layer the decorative elements to hide any construction lines and add visual appeal to your finished album.

TIPS UIT DE SHOW

- Use tape pens rather than liquid glue on these thin papers (100-120 GSM) to prevent glue showing through.
- Build your album foundation first, then add embellishments and tags once the structure is complete.
- You can work freehand without precise measurements; the most creative albums come from fluid, intuitive construction rather than strict measuring.
