

Slimline Card with Dual Embossed Textures and Gold Strip

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT TV - 7 JULI 2023

HET EINDRESULTAAT

OVER DIT PROJECT

Create a sophisticated slimline card featuring dual embossed textures with a decorative gold strip accent. This elegant design combines two different embossing folder patterns on white card, with the join cleverly concealed by a metallic gold strip. The technique produces a high-end, textured card with clean lines and professional finish, perfect for special occasions.

STAP VOOR STAP

STAP 1 VAN 7

Take a slimline card base and position the first embossing folder (the detailed damask textile design) at the top of the card. Align the folder so that one of the circular bauble motifs sits centrally positioned.

Tilt the embossed card forward to admire the texture. Notice how the pattern creates both raised (embossed) areas on one side and recessed (debossed) areas on the reverse side.

TIPS UIT DE SHOW

- Embossing folders are a real workhorse and turn plain white card into something that looks quite pretty without being expensive.
- You can use the debossed side of the embossing folder as well as the raised side for different effects.
- Slightly overlapping the two embossing designs allows you to hide the join with a decorative strip.
