STAP VOOR STAP

1

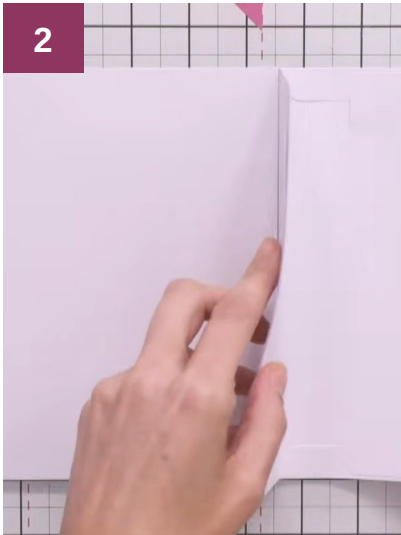

STAP 1 VAN 10

Gather several envelopes and apply glue to the flap of the first envelope. Insert the glued flap inside another envelope's flap to begin creating the album spine.

2

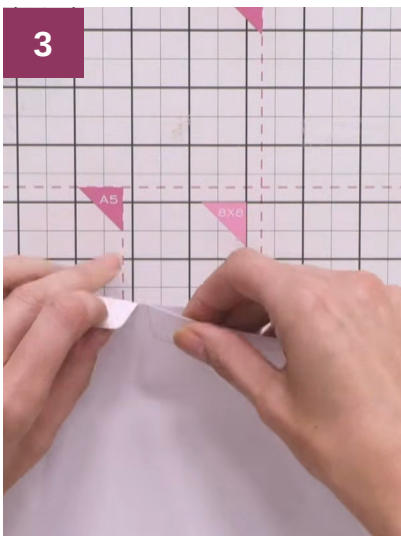

STAP 2 VAN 10

Stack additional envelopes by gluing the flaps together to build multiple pages. Check alignment as you go to ensure the envelopes are positioned correctly back to back.

3

STAP 3 VAN 10

Cut coordinating paper from your paper pad to approximately 7 by 7 inches and glue it onto the front cover of your album.

[BEKIJK DEZE STAP - 44:15](#)

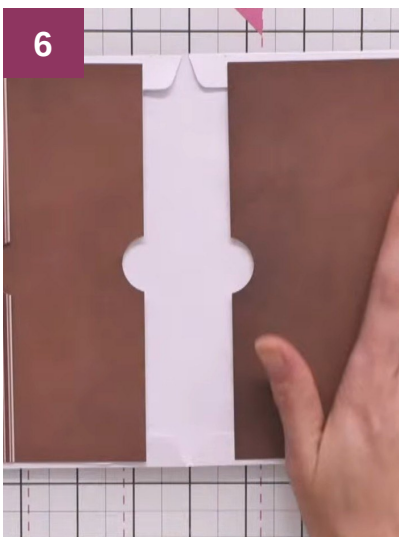

STAP 4 VAN 10

Cut thin strips from the brown and white striped paper. Glue the strips vertically down the sides of your pages to create decorative pocket panels.

STAP 5 VAN 10

Mark the placement for the circular opening on the side panel with a pencil. Use the 1-inch circle punch to create the opening in the brown side panel.

STAP 6 VAN 10

Cut additional paper pieces from the coordinating paper pad to line the inside of the envelope flaps. Position them to leave a small white border visible around the edges for a clean, finished appearance.

STAP 7 VAN 10

Create small bookmark tags by cutting thin strips of the striped paper, folding them in half lengthways, and positioning them to create decorative tabs. The folded strips can be layered with the brown textured paper to add dimension.

[BEKIJK DEZE STAP - 1:03:00](#)

8

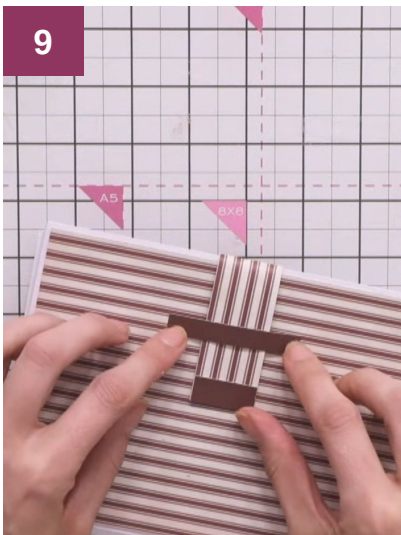

STAP 8 VAN 10

Cut a strip of striped paper for the closure wrap. Score it down the middle and fold it in half to create a leather-effect tip.

[BEKIJK DEZE STAP - 1:07:30](#)

9

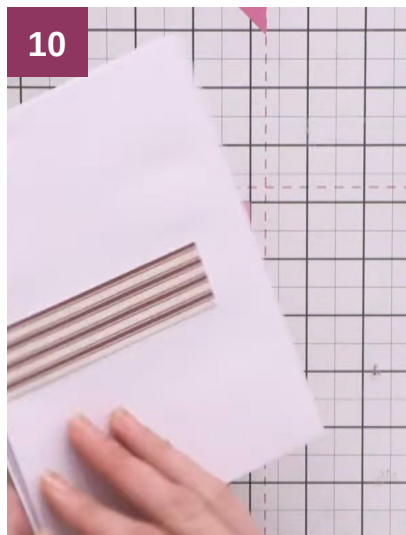

STAP 9 VAN 10

Glue the brown striped closure wrap around the back of the album, positioning it so the decorative tip can tuck under the front flap without adhering it completely flat.

[BEKIJK DEZE STAP - 1:13:00](#)

10

STAP 10 VAN 10

Cover the back of the album with a piece of coordinating striped paper to conceal the closure mechanism and complete the finished look.

TIPS UIT DE SHOW

- Use the fast-grab glue so you don't have to hold pieces in place while they set.
- Leave a small white border when lining envelope flaps so you can see the distinction between the liner and the envelope.
- Don't stick the closure completely flat—give it a slight hump so it moves in and out freely.
