

Coloured Ink Sentiment Card with Layered Notes

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT TV - 7 JULI 2023

HET EINDRESULTAAT

OVER DIT PROJECT

Create a contemporary sentiment card featuring coloured ink stamps and layered musical note die cuts. This modern design moves away from traditional Christmas colours, using coordinating shades of blue and purple to create a fresh, playful look. The main techniques include stamping with coloured inks and layering die-cut elements for dimension.

5

STAP 5 VAN 8

Position and attach the treble clef die cut to the card front as a focal point. Use a contrasting colour to make it stand out against the stamped background.

6

STAP 6 VAN 8

Stamp additional sentiments such as 'Joy' or 'Merry Christmas' onto white cardstock using coordinating ink colours. Position the stamps to create a decorative arrangement around your main focal point.

7

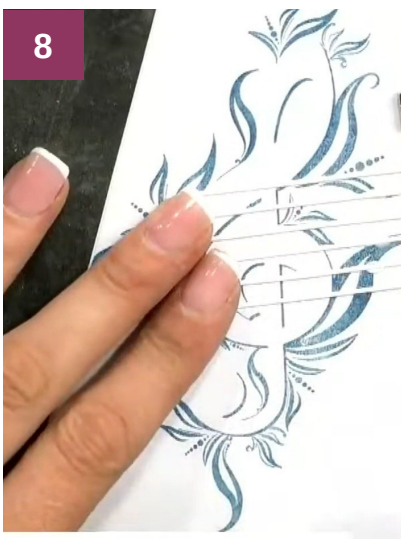

STAP 7 VAN 8

Stamp a simple sentiment in white ink on white cardstock to create a subtle, tone-on-tone effect that won't compete with the colourful focal image.

8

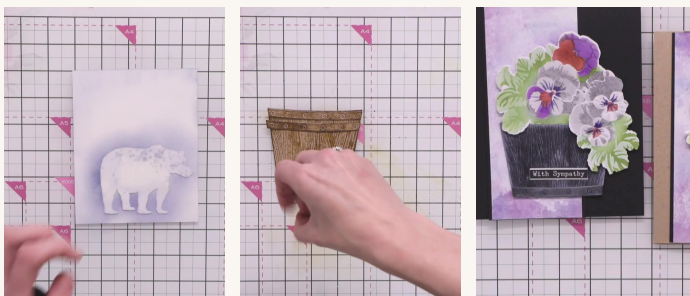

STAP 8 VAN 8

TIPS UIT DE SHOW

- There are no rules in crafting; if it makes you happy, do what makes you happy.
- You can use the same stamp and die set in completely different ways by changing colours and layouts.
- Building cards up with layers and dimension makes them look far more professional and expensive.
