

Moody Reflection Background with Splatter Texture

EEN PROJECT UIT ONZE LIVESHOW - THE INSTANT ARTIST - 1 JULI 2023

OVER DIT PROJECT

Create a dramatic, moody background using vibrant pink, purple and blue inks blended with water spray. This atmospheric technique produces a beautiful gradient sky effect with added splatter texture, perfect for Halloween cards or spooky-themed projects. The finished piece features rich, blended colours with an organic, textured finish.

2

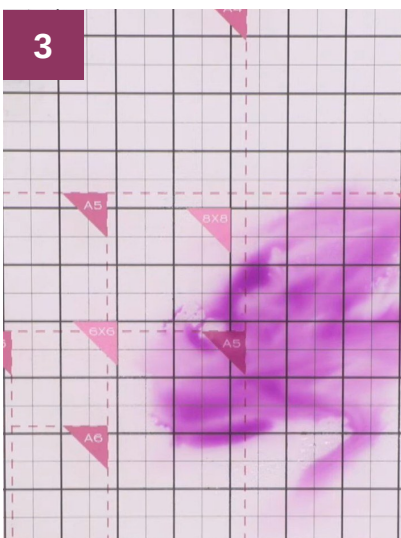

STAP 2 VAN 7

Spot purple ink onto a glass mat or non-porous surface. Apply several drops of Distress Ink directly onto the mat to create a pool of colour.

3

STAP 3 VAN 7

Spray the purple ink puddle with water to create a wet, blended base. Use tissue to gently blend and spread the ink across the surface.

STAP 4 VAN 7

Press your white card straight into the wet purple ink on the craft mat. Allow the card to absorb the colour and create a textured watercolour effect. Remove the card and set aside the protective sheet.

STAP 5 VAN 7

Apply pink and purple ink to different areas of your watercolour paper, spraying with water as you work to blend the colours. Leave some white spaces for contrast and visual interest.

STAP 6 VAN 7

Dip your fingers into additional ink colours, such as blue, and flick them onto the card to create splatter texture and visual interest. Build up layers of colour by adding different ink shades to create depth and a moody effect.

[BEKIJK DEZE STAP - 19:00](#)

STAP 7 VAN 7

Set the watercolour background card aside to dry completely before adding further layers or embellishments.

TIPS UIT DE SHOW

- Use less water if your ink is beading too much; experiment with one, two or three sprays to find the right balance.
- Different cardstock types absorb water differently, so test on various papers to see which gives the effect you prefer.
- Don't wear a white blouse when splattering ink!
