

## Moody Halloween Reflection Scene with Witch and Gel Pen Details

EEN PROJECT UIT ONZE LIVESHOW - THE INSTANT ARTIST - 1 JULI 2023

### OVER DIT PROJECT

Create a dramatic Halloween reflection scene featuring a spooky townscape silhouette with a witch flying across a moody purple and pink watercolour moon. This atmospheric card uses the reflection stamping technique to mirror the buildings, then adds sparkling details with a white gel pen to highlight windows, architectural features and the witch silhouette for a striking three-dimensional effect.

## STAP VOOR STAP

### STAP 1 VAN 11

**Gather your previously created watercolour background panel featuring purple, pink and blue inks.** Have your ink pads ready - you'll need black ink and Indigo ink for the next steps.

### STAP 2 VAN 11

**Using a blending brush, edge the watercoloured background with a darker purple or indigo ink to add depth and mood.** Work the ink around the edges to draw the eye inward towards the centre of the panel.

Optionally spray the area below the building with water and blend in additional purple ink to create a water reflection effect beneath the cityscape.

## STAP 8 VAN 11

## TIPS UIT DE SHOW

- White gel pen settles back slightly as it dries, so don't be afraid to apply it generously.
- Focus your white gel pen highlights on one side of the building (e.g., the left) for a more realistic light source.
- The distorted layer in the reflection stamp is intentional and creates the authentic reflection effect.
