

Kaart met schuifenvelop en peekaboo-element

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT BRAND NEW LAUNCH - 12 JUNI 2023

OVER DIT PROJECT

Create this stunning interactive sliding envelope card featuring a beautiful floral design with pink flowers and greenery on a rose gold glitter border. The card features a clever peekaboo element where a coordinating topper slides in and out of a slit in the card base, revealing the decorative envelope beneath. This project combines die-cutting, layering, and dimensional assembly techniques to create a truly special handmade card.

STAP VOOR STAP

STAP 1 VAN 9

Take one of the pre-printed envelopes from the **Stamps By Me** collection and attach it to the back of your card base. Position the envelope so the floral wreath design frames the aperture on your card.

STAP 2 VAN 9

Cut a slit into the top edge of the envelope using scissors to create an opening for the sliding pocket element.

STAP 3 VAN 9

Select a matching topper from the collection and position it on your card. Choose a circular floral design topper to complement the diamond-shaped topper.

STAP 4 VAN 9

Mount the topper onto a piece of coordinating cardstock in a complementary colour. This creates a border around the topper and adds dimension to your card.

STAP 5 VAN 9

Attach the mounted 'Proud of You' topper to your card base using adhesive, positioning it centrally above the envelope pocket. The rose gold border should frame the floral wreath design.

STAP 6 VAN 9

Die-cut a sentiment word such as 'Proud of You' from rose gold glitter cardstock. Position the die-cut sentiment on the card topper within the floral wreath frame.

STAP 7 VAN 9

Adhere the sentiment word to the top of the sliding topper piece so it sits in position like a peekaboo element that will slide in and out of the envelope pocket.

STAP 8 VAN 9

Add fussy-cut floral elements from the Garden Florals design to the corners of your card using foam pads for dimension. Position the florals to frame and embellish the card front.

STAP 9 VAN 9

Test that the sliding element moves smoothly in and out of the envelope pocket. Gently slide the topper panel to ensure it doesn't catch on the pocket edges before completing your card.

TIPS UIT DE SHOW

- The pre-printed envelopes have beautiful chamfered edges that give a professional finish.
- You can push the sliding element as far into the pocket as you dare for maximum surprise effect.
