

Charcoal Floral Card with Fussy-Cut Layered Corners

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT BRAND NEW LAUNCH - 12 JUNI 2023

OVER DIT PROJECT

Create a simple yet striking card featuring a charcoal floral topper with a stamped sentiment. The design is enhanced by fussy-cut floral elements layered on the corners to add dimension and extend the beautiful pink and grey floral design to the card edges. This elegant card combines stamping and fussy-cutting techniques for a professional finish.

Fussy cut additional floral corner elements from the spare topper sheets. Cut carefully around the pink and grey roses and foliage to create layered corner decorations.

STAP 4 VAN 7

Layer the fussy-cut floral elements onto the corners of the card using foam pads to add dimension. Position the pink roses and foliage pieces over the stamped images on each corner.

STAP 5 VAN 7

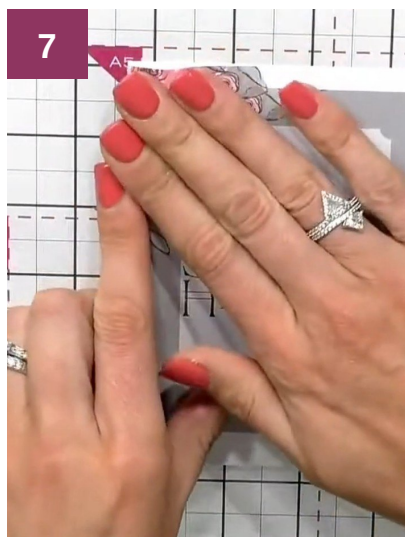

Position one of the fussy-cut floral elements so it extends from the corner arrangement to the edge of the card, creating a flowing design. The delicate font sentiment can be placed in the central white space.

[BEKIJK DEZE STAP - 44:45](#)

STAP 6 VAN 7

Add another fussy-cut floral element from the Charcoal Roses toppers to the opposite corner of the card for balance. Position it to complement the first corner element.

[BEKIJK DEZE STAP - 45:15](#)

STAP 7 VAN 7

Save all the small fussy-cut pieces that you trim away from the edges of your card, as these can be used elsewhere in your designs.

TIPS UIT DE SHOW

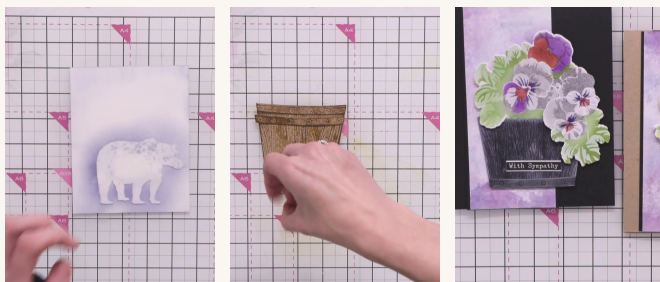

- Don't be scared to cut into the toppers—you get a ton of each design.
- Extending fussy-cut elements to the card edge creates a more dynamic, professional look.
- The delicate font of the sentiment won't appear too harsh even in black ink.
