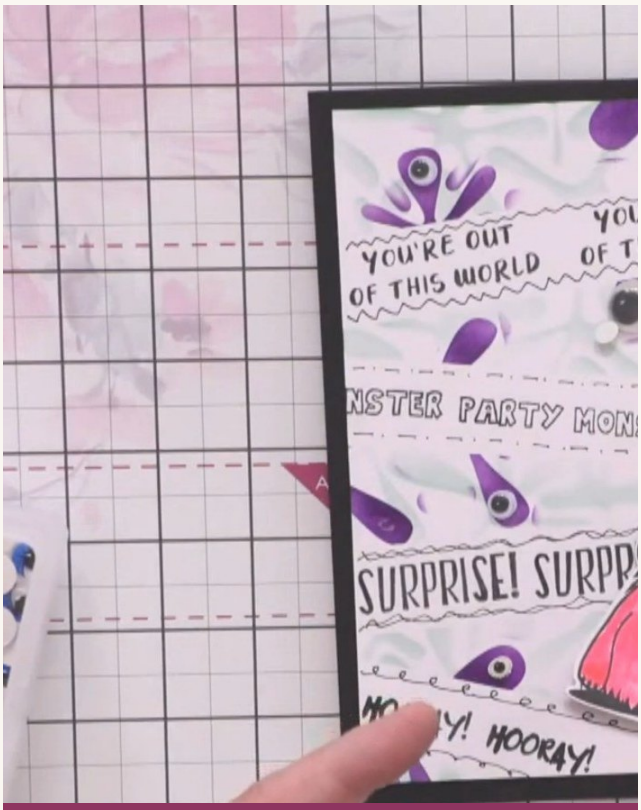
Monsterkaart met gemaskeerde tekststroken

EEN PROJECT UIT ONZE LIVESHOW - AVAGO-INK - 5 JUNI 2023



HET EINDRESULTAAT

OVER DIT PROJECT

Create a playful monster-themed card featuring abstract sentiment stripes and a colourful character. Using masking tape to create defined stripe areas, you'll stamp repeated sentiment text across the design and add a vibrant pink monster with googly eyes. The finished card combines purple stencilled accents with bold black text for a fun, contemporary look perfect for celebrations.

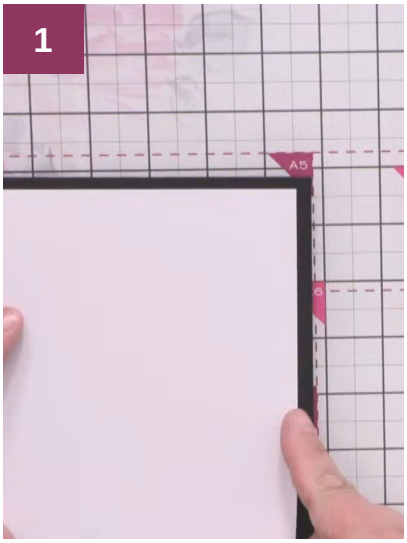
STAP VOOR STAP



STAP 1 VAN 11

Start with a black top-fold card measuring approximately 6 by 8 inches. Create a slightly smaller white mat to fit inside, leaving a narrow black border around the edges.

STAP 2 VAN 11

Apply strips of masking tape diagonally across the white card panel. Before applying, reduce the tape's stickiness by pressing it onto your arm first to avoid tearing the card when removing it later.

STAP 3 VAN 11

Position the graffiti monster stencil over the masked card front. Using a blending brush, apply hedgerow green ink through the stencil with light pressure to create a soft background effect.

STAP 4 VAN 11

Move the stencil to a different area of the card and apply indigo purple ink using a smaller detail brush, building up depth and contrast in the design with this darker second colour.

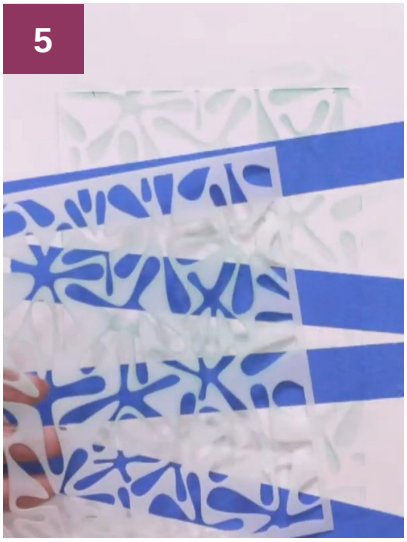
5



STAP 5 VAN 11

Carefully peel away all the blue masking tape strips to reveal the white striped areas beneath where the stencil pattern shows through. Keep the tape for reference if needed.

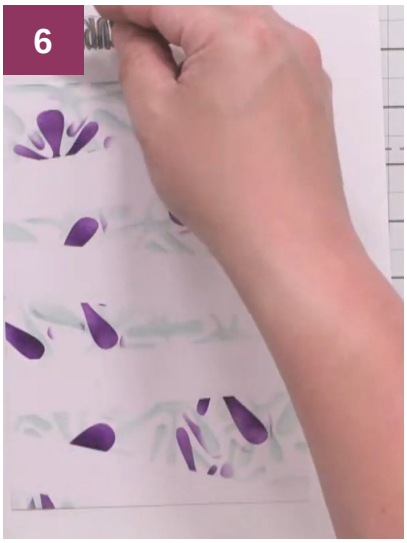
6



STAP 6 VAN 11

Using a stamping block and black ink, stamp sentiment text along the white stripes on your card. Choose from phrases such as 'Surprise', 'Hooray', 'Party Monster', and 'Out of this World'.

7

STAP 7 VAN 11

Use a fine-liner pen to freehand decorative designs under and around each sentiment. Add loops, waves, dots, and zigzags to make the sentiments stand out and add visual interest.

BEKIJK DEZE STAP - 12:00

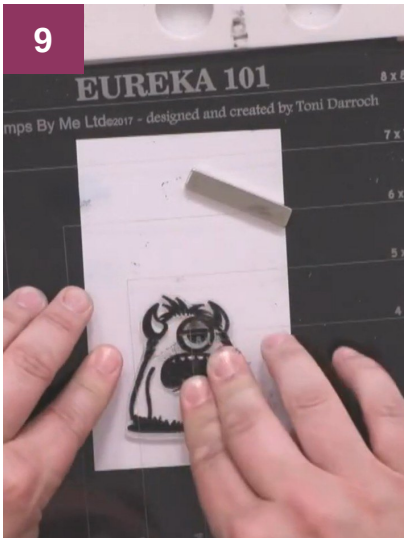
8

STAP 8 VAN 11

Mount the decorated panel onto the black card base using wet glue, ensuring an even border all around for a professional finish.

BEKIJK DEZE STAP - 13:30

9



STAP 9 VAN 11

Stamp a monster character onto white card using black ink. Colour the monster with brush markers in vibrant colours such as pink for horns and hair, and green for details. Heat-set the coloured image to fix the ink.

BEKIJK DEZE STAP - 14:45

STAP 10 VAN 11

Die-cut the coloured monster using the corresponding die from the Avago-Ink Designs Monsters set. Secure the stamped image with masking tape before running through your die-cutting machine.

BEKIJK DEZE STAP - 18:45

STAP 11 VAN 11

Mount the pink monster character onto the card front using foam pads, positioning it at an angle in the lower right corner. Add wobbly eyes of various sizes to the purple stencilled areas across the card to create the illusion of additional monsters peeking through the design.

BEKIJK DEZE STAP - 20:30

TIPS UIT DE SHOW

- Reduce masking tape stickiness by pressing it on your arm first to prevent tearing the card when removing it.
- You don't need to be precise with masking tape placement; haphazard stripes add to the design.
- Use cotton buds instead of brushes if you find the detail work too fiddly.
