

## Veelkleurige geëmbosste kaart met Pebble Dash

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT TV - 28 MEI 2023

HET EINDRESULTAAT

### OVER DIT PROJECT

Create a vibrant, textured card using the Pebble Dash embossing folder with a rainbow of ink colours. This technique involves applying multiple ink colours to both sides of the embossing folder before embossing, creating a playful background that resembles colourful bubbles, pebbles or sweets. The result is a striking, dimensional card perfect for thank you notes or celebrations.

## TIPS UIT DE SHOW

- You can ink both sides of the folder to get different colour effects on the embossed and debossed sides
- Spraying with water before embossing creates a softer, more blended look
- The same design can represent different things depending on your colour choices—pebbles, bubbles, sweets or a wall
