

Embossed Background Card with Stencilled Overlay

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT TV - 23 MEI 2023

OVER DIT PROJECT

Create an elegant card featuring a textured embossed background in charcoal grey, layered with metallic gold die-cut floral embellishments and delicate turquoise stencilled accents. This sophisticated design combines embossing folder techniques with stencilling and die-cutting to produce a stunning 'Hello Sunshine' greeting card with a luxurious finish.

STAP VOOR STAP

STAP 1 VAN 7

Remove the die from the embossing folder. Insert a piece of gold or coloured card stock into the embossing folder, ready for embossing.

STAP 2 VAN 7

Run the embossing folder through your die-cutting machine on the appropriate setting for your machine. The folder will create a raised, dimensional floral design on your cardstock.

STAP 3 VAN 7

Remove the embossed card from the folder and admire the raised 3D floral detail created on the front, with the debossed impression visible on the reverse side.

STAP 5 VAN 7

Use a leaf stencil with a metallic ink pad to add a decorative pattern across the black card background, creating texture and visual interest.

STAP 6 VAN 7

Layer the pre-coloured die-cut flower embellishments on top of the stencilled background using foam tape to add dimension. Position the pieces to create an attractive arrangement that complements the embossed design beneath.

STAP 7 VAN 7

Stamp a sentiment such as 'Hello Sunshine' onto white cardstock using black ink. Add an optional drop shadow by stamping the same sentiment slightly offset in a lighter colour. Attach the sentiment to your finished card to complete the design.

TIPS UIT DE SHOW

- The embossed background alone is elegant enough to need only a sentiment to finish the card.
- You can use the embossing folder with or without the die to create different effects.
- The 3D detail shows beautifully on both the embossed and debossed sides of the card.
