STAP 8 VAN 10

Place your embossed and inked cardstock back into the embossing folder, aligning it carefully. Run it through your die-cutting machine again to add extra dimension and transfer more black ink to the raised floral design.

[BEKIJK DEZE STAP - 44:00](#)

STAP 9 VAN 10

Apply gold gilding wax to the raised embossed flower areas by gently brushing or swiping it across the design with your finger or a soft cloth.

[BEKIJK DEZE STAP - 44:15](#)

STAP 10 VAN 10

Mount the finished embossed and gilded piece onto a black card base using adhesive to complete your card.

TIPS UIT DE SHOW

- The black ink on the back will hide the white cardstock and leave only the coloured watercolour visible on the front.
- Experiment with different colour combinations and techniques; the cardstock is indestructible, so you can try multiple approaches without worry.
