

Monsterkaart met scharnierende opening

EEN PROJECT UIT ONZE LIVESHOW - MONDAY MADNESS - 22 MEI 2023

OVER DIT PROJECT

Create a delightful 3D monster character card with a hinged opening mechanism. This playful design features a colourful die-cut monster body with googly eyes, white teeth, and small horns, alongside a circular scene containing another monster character with the sentiment 'YOU'RE OUT OF THIS WORLD'. The main techniques include die-cutting, layering decorative papers, and assembling a concealed hinge to create an interactive standalone card.

STAP VOOR STAP

STAP 1 VAN 12

Fold a blank black card in half to create a deep crease. Position the monster die over the card so it overhangs slightly on one side to create the opening edge.

STAP 2 VAN 12

Place the monster outline die on the black card and run it through the die-cutting machine. Remove the cut-out monster shape and glue it to the top of the white lined panel.

STAP 3 VAN 12

Cut a second monster shape from black card using the die. This will form the complete base layer for your hinged character card.

Using the stamping platform, stamp a sentiment from the monster stamp set onto white card using black ink. Choose a phrase such as 'Surprise' or another appropriate greeting.

11

STAP 11 VAN 12

Trim around the 'SURPRISE!' sentiment piece with an abstract edge. Glue it onto a black card scrap and trim around it again, leaving a narrow black border to create a framed effect.

STAP 12 VAN 12

Attach the sentiment piece to the monster using a foam pad to raise it up. Position it under the monster's arm as if the monster is holding it.

TIPS UIT DE SHOW

- You can cut into the teeth strips after die cutting to customise how many teeth show.
- The eyes and horns can be positioned wherever you want—there are no rules.
- These cards make great bunting when strung together, or you can put a photo in the monster's mouth.
