

Lamination Watercolour Flower Card with Outline Detail

EEN PROJECT UIT ONZE LIVESHOW - MONDAY PODCAST - 8 MEI 2023

OVER DIT PROJECT

Create a beautiful watercolour-effect flower card featuring delicate pink blooms and soft green leaves with elegant outline detail. This project uses a two-part lamination stamp technique where you ink a solid stamp with multiple colours, spritz with water, and stamp onto card to achieve a stunning hand-painted appearance. The result is a realistic, artistic floral design perfect for special occasions.

STAP 3 VAN 9

Using a lime green ink pad, ink all of the green leaves on your stamped floral image. Apply the ink directly to the leaves, ensuring good coverage.

STAP 4 VAN 9

Add teal ink to some of the leaves using a Distress Ink pad. Dab the ink directly onto the laminated design to add depth and prevent the watercolour flowers looking flat.

STAP 5 VAN 9

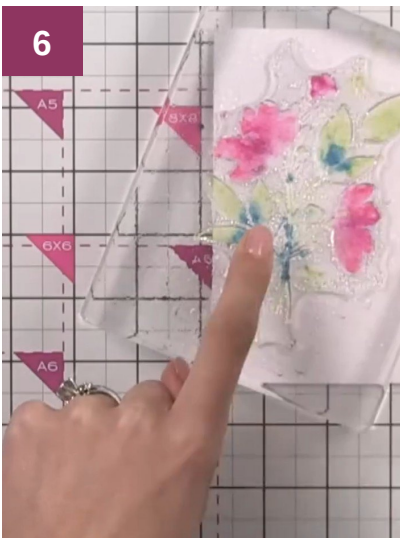

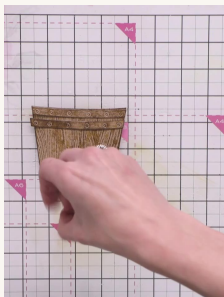

Lightly spray the inked stamp with water using a spray bottle. Use just enough water to activate the ink without over-saturating it.

STAP 6 VAN 9

Press the watercolour stamp firmly onto white cardstock. Lift the stamp away to reveal the watercolour floral design transferred onto the card.

TIPS UIT DE SHOW

- If the result is messy or you don't like it, the card can go in the bin and you can try again with different colours—there's no pressure to be perfect.
- Never throw away lamination cards even if they have too much water; they still look awesome.
- The sketch-style outline stamp doesn't need to line up perfectly; as long as it's in the vicinity, it looks intentional.
