STAP VOOR STAP

1

STAP 1 VAN 8

Select stencil number one from your Magnolia Garden collection and choose your first ink colour. Using a brush, apply the ink through the stencil onto your white cardstock, starting with one flower design.

2

STAP 2 VAN 8

Position the second stencil layer over your first stamped image. Apply a different colour ink (such as yellow) through the stencil to add depth and variation to your floral design.

TIPS UIT DE SHOW

- You do not have to use all four stages together; you can use the stencils, stamps, die, or embossing folder independently for different effects.
- If you cannot stamp perfectly, do not worry; the card can still go in the bin and you can start again.
- The chamfered frame on the embossing folder automatically finishes your artwork and gives it a classic, polished look.
