

Stencilled Floral Vase Card with Antique Bouquet

30 APRIL 2026

Create an elegant greeting card featuring delicate floral arrangements in decorative glass vases. Using layering stencils and coordinating dies, you'll build up beautiful purple and pink flower sprigs with teal foliage against soft lilac backgrounds. The design combines stencilling techniques with dimensional die-cutting to create depth and interest, with embossed plaques adding a sophisticated finishing touch.

From our live show **THE THURSDAY DROP - Brand New Launch from Toni - Broadcast 30th April 26** (30 April 2026) - watch it from 49:00.

TIPS FROM THE SHOW

- When stencilling, pounce your brush rather than scrubbing to avoid disturbing delicate details.
- You can vary your ink colours on each layer to create more interesting and realistic flower effects.
- The die-cut vases have a slit designed to thread flower sprigs through, but you can trim and position them however you prefer.
