

Embossed Dragonfly Card with Stencilled Heart...

27 FEBRUARY 2026

ONE DAY
SPECIAL

Create a striking card featuring a large embossed dragonfly stamped in metallic powder with a hand-stencilled heart background. The design combines heat-embossed detail with watercolour ink resist techniques for depth and dimension.

From our live show **ONE DAY SPECIAL - Join Toni for her brand new launch - Broadcast 27th February 2026** (27 February 2026) - watch it from 22:15.

Ink up the large dragonfly stamp thoroughly with a sticky embossing ink pad, stamping twice to ensure all detail is picked up.

Pour the metallic embossing powder (Argent) generously over the wet stamped image, coating it completely.

Tap off excess powder back into the pot, then heat set with a heat gun, ensuring the gun is hot before applying to the card.
Watch this step: 24:15 into the show

Once cooled, use the coordinating die to cut around the dragonfly image, creating a shaped card element.
Watch this step: 25:30 into the show

Ink up the heart stencil with pink ink on the stencil itself, adding touches of orange and teal to create a multi-coloured effect.
Watch this step: 31:45 into the show

Spray the inked stencil lightly with water to create a resist effect, then press onto your card background.

TIPS FROM THE SHOW

- Always use an anti-static bag before stamping to prevent the stamp from picking up dust or moisture.
- Heat your heat gun thoroughly before applying it to the embossing powder for the best results.
- Let the card drink the watercolour ink before adding a second, darker layer for depth and dimension.
