# Glitter Paste Stencil Card with Vellum Overlay

A PROJECT FROM OUR LIVE SHOW - CREATE AND CRAFT - 29 NOVEMBER 2022

THE FINISHED PROJECT

ABOUT THIS PROJECT

Create a stunning sparkly card featuring a rainbow of glitter paste pushed through decorative stencils to create a multi-tonal shimmer effect. The vibrant colours - from turquoise and green through purple and yellow - are layered onto black cardstock and softened with a vellum overlay, with a 'Be Happy' sentiment as the centrepiece. This project uses stencilling and layering techniques to achieve a sophisticated dimensional look with maximum sparkle.

### TIPS FROM THE SHOW

- Make a lot of stencilled pieces at once and trim them down when dry, so you have several ready to use.
- The glitter paste dries quickly, so work efficiently when pushing it through the stencil.
