

Coffee and Cream Layered Card with Stamped Boy...

15 JANUARY 2026

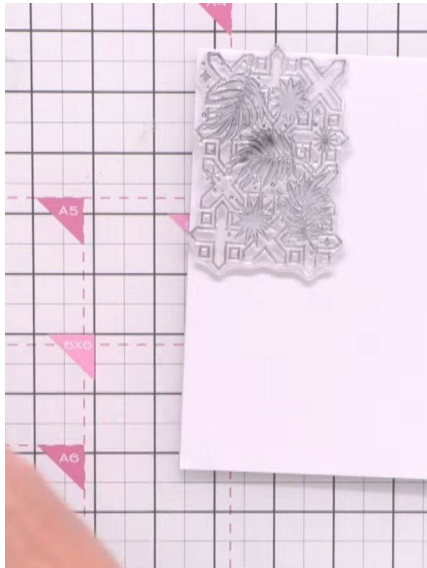

Create an elegant layered card in sophisticated cream and coffee tones featuring a stamped boy figure and sentiment text. This monochromatic design uses black ink edging to define each layer without heavy matting, creating subtle depth and visual interest. The result is a refined, understated card perfect for special occasions. From our live show **CRAFTY THURSDAY - Join Toni for her latest show - Broadcast 15th January 2026** (15 January 2026) - watch it from 8:15.

Take a piece of white card stock and stamp background stamps in black ink to create textured panels. Position the stamps on the white card and press firmly to transfer the design. **Watch this step:** 9:00 into the show

STEP 2

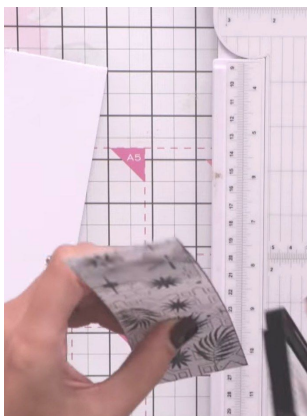

Trim the stamped panel down using a craft cutter to create a smaller, more defined piece. **Watch this step:** 10:30 into the show

STEP 3

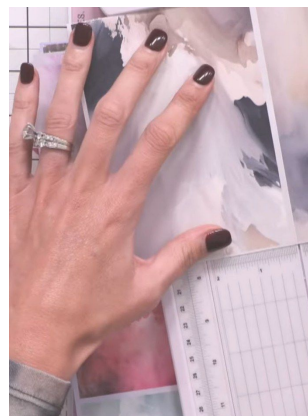

Edge the trimmed panel with black ink pad along all sides to create a border effect.

STEP 4

Adhere the stamped and edged panel to your white card base using glue or double-sided tape, ensuring it is centred.

Select patterned papers from the bundle in coordinating cream and coffee tones. Cut them to size using your paper trimmer.

STEP 7

Stamp the boy figure from the stamp set in black ink, positioning it to overlap slightly onto the sentiment paper on the right side of the card.

STEP 8

Edge the layered papers with black ink using an ink pad to define the edges and prevent them looking flat.

Watch this step: 26:30 into the show

Add pearl embellishments in brown or black tones along the card in a simple line for subtle sparkle.

Position them decoratively to enhance the design.

Watch this step: 29:15 into the show

STEP 10

Optionally outline the stamped boy silhouette with a black gel pen to add definition. Add additional sparkle details with the gel pen to finish the card.

Watch this step: 31:00 into the show

TIPS FROM THE SHOW

- Edging with black ink creates definition without needing heavy matting and layering, keeping the card flat.
- When stamping a figure that overlaps onto another element, you can stamp multiple times to ensure good ink coverage in the ridges.
- You can wipe away excess ink with your finger if you stamp too far down onto an area you want to keep clean.
