

Winter Village Card with White Ink Swiping...

1 SEPTEMBER 2026

Create a striking winter village card by embossing a village design onto dark card stock and bringing it to life with a white ink swiping technique. This produces a beautiful slate-like finish with the village emerging from the background.

From our live show **HSN PRODUCT INSPIRATION** - Join me for a fun filled show broadcast **1st September 2026** (1 September 2026) - watch it from 32:00.

WHAT YOU WILL NEED

See the show for everything used.

Run your patterned paper through the embossing folder to create the village design.

Take your white ink pad and angle it slightly, then drag it down the front of the card in a swiping motion to catch the top of the embossed village.

TIPS FROM THE SHOW

- Tap the ink pad rather than swipe if you prefer a different effect to the dragging technique.
- You can use gilding waxes instead of white ink to bring the village to life.
- The embossing folder works on any card colour, not just black or dark card.
