

Hanging Basket Card with Coloured Pot and Flowers

31 OCTOBER 2025

Create a beautiful layered card featuring a charming hanging basket scene with hand-coloured flowers and foliage. This dimensional design combines die-cut elements including a golden hanging basket, botanical prints, and a peaceful garden window vignette on patterned paper backgrounds. The finished card showcases depth and storytelling through carefully arranged layers in soft greens, corals, and natural tones.

Add the individual flower pieces around the basket, layering them at different heights for a full, realistic appearance.

Watch this step: 1:09:00 into the show

TIPS FROM THE SHOW

- Don't gut your cards by cutting apertures; instead, layer papers on top to avoid gaps and sinking.
- Take time to colour your pieces with multiple shades to create dimension and make the basket look three-dimensional.
- Stack the two different pot pieces behind each other with foam pads to fill spaces and create a full, realistic hanging basket.
