

Glitter Paste Stencilled Background with Aqua and Lavender

A PROJECT FROM OUR LIVE SHOW - BRAND SHOWCASE IN THE HTCN STUDIOS - 25 FEBRUARY 2022

ABOUT THIS PROJECT

A vibrant textured background created by applying glitter paste through a stencil in two complementary colours. The paste dries to reveal sparkling, dimensional stripes with a beautiful colour blend, perfect for adding glamour to any card design.

TIPS FROM THE SHOW

- Use only a pea-sized amount of paste—it goes a long way and you can always add more.
- Do not use a heat gun to dry the paste; natural drying allows the glitter to develop its full sparkle.
- Rinse your stencil immediately in lukewarm water to prevent the paste from drying on it, so you can reuse it.
