

Stencilled Background with Gnome Character Card

10 OCTOBER 2025

A festive card featuring a gnome character set against a stencilled background with candy canes, stars and seasonal elements. The stencil is used around the edges to create a decorative frame without needing a full-size card.

TIPS FROM THE SHOW

- You can use the stencil on smaller cards by positioning it around the edges rather than trying to centre it.
- Layer the stencilled elements with different colours and sparkly pastes for depth.
- The shaped die-cut cards create visual interest without needing additional panels on the front.
