Layered 3D Love Balloon Card

A PROJECT FROM OUR LIVE SHOW - CATCH UP WITH THE FRIDAY FRENZY - 22 OCTOBER 2021

ABOUT THIS PROJECT

Create a striking 3D love balloon effect by stamping the same love design three times in different colours and layering them precisely. The multi-colour layering creates depth and dimension that makes the word appear to float off the card.

TIPS FROM THE SHOW

- You don't need to line up the layers perfectly; slight misalignment actually enhances the dimensional effect.
- Using three different shades of the same colour (light to dark) creates an even more realistic 3D balloon effect.
- You can draw strings around the love design to complete the balloon look.
