# Watercolour Boat with Moon Lamination Card

A PROJECT FROM OUR LIVE SHOW - THE FRIDAY FINAL CUT - 6 NOVEMBER 2026

THE FINISHED PROJECT

ABOUT THIS PROJECT

Make a serene watercolour card featuring a fishing boat beneath a moonlit sky, combining lamination stamps with hand-painted effects. Using layered ink blending in blues, greys and sandy tones, you'll create an atmospheric nautical scene with beautiful depth. This moody design is perfect for masculine cards or anyone who loves coastal themes.

Using a brush, hand-paint additional blue and brown watercolour down the card below the boat image, leaving white space to suggest waves and extend the water effect.

STEP 9 OF 12

**Once the watercoloured boat image is completely dry, align the detail portion of the lamination stamp over it.** Stamp using Midnight black ink to add definition and detail to the boat.

Darken the moon by blending black ink across it using a blending brush to create depth and make it stand out against the background.

Edge the bottom of the moon circle with black ink by sliding the ink pad across the edge to create depth and lift it from the background.

WATCH THIS STEP - 53:30

WATCH THIS STEP - 54:30

### TIPS FROM THE SHOW

- If your watercolour becomes too dark, apply white paint on top and pull it back to lighten the area.
- Make sure the base layer is completely dry before adding darker ink on top so the colour doesn't blend into the background.
- Have the courage to pick up a brush and extend the stamped design yourself—it's just card and won't bite.
