

Nesting Rectangle Frame Card

18 SEPTEMBER 2025

Create an elegant 'Hope' card featuring nesting rectangle frames with decorative stitched edges. This sophisticated design showcases a Christmas tree within a gold ornamental frame, accented with white poinsettia flowers and silver lettering on a soft white base. The project uses die-cutting and layering techniques to build dimensional matted frames that add structure and visual interest to your festive card.

TIPS FROM THE SHOW

- These rectangles work beautifully on 5 by 7 inch cards.
- Cut all the nesting rectangles on the same sheet of cardstock to minimise waste and create beautiful frames.
