

Oak Slice Embossed Craft Card

8 SEPTEMBER 2025

Create a simple yet striking card featuring an embossed oak slice die-cut on cream cardstock. The design showcases beautiful natural wood grain and ring textures with a subtle embossed finish. This project demonstrates how a single focal element can create instant visual impact with minimal embellishment.

From our live show **Product Demonstration - 9TH Sept 2025** (8 September 2025) - watch it from 45:30.

WHAT YOU WILL NEED

- Oak Slices - 121224A
- Holly & Berry Paper Pack 7 X 7 - 031123B

STEP 1

Die-cut the oak slice from craft or cream cardstock using the Oak Slices die. This creates the wood grain background element for your card.

Watch this step: 45:30 into the show

STEP 2

Examine the oak slice die-cuts, noting the embossed wood grain texture and concentric ring patterns. The die creates realistic wood detailing with both smooth rings and jagged grain effects.

Watch this step: 45:45 into the show

STEP 3

Adhere the embossed oak slice die-cut onto a cream cardstock base. The embossed ring detail will show clearly against the cream background.

Watch this step: 46:00 into the show

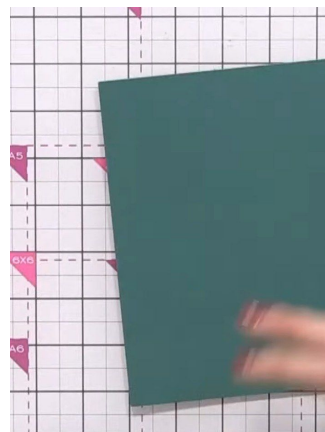

STEP 4

Optional: distress the edges of the oak slice die-cuts with brown ink to create a weathered wood appearance. You can add darker tones to enhance the natural wood grain effect.

Watch this step: 46:15 into the show

STEP 5

Take a teal or dark green cardstock base and fold it in half to create your card blank. Score and fold to create a crisp edge.

Watch this step: 46:30 into the show

TIPS FROM THE SHOW

- The oak slice die comes with two different shapes: one with ring effects and one with jagged edges for variety.
- You can distress and colour the oak slices to look like weathered wood or keep them in traditional browns.
