

Teapot Lamination Card with Watercolour Effect

29 AUGUST 2025

Create a stunning card featuring a blue and white teapot stamp with a hand-painted watercolour appearance using lamination techniques. The elegant design is mounted on a dark grey mat and white card base, with the sentiment 'A cup of tea shared with a friend is happiness brewed to perfection' beneath the teapot. Multi-layered stamping creates fine china detail with soft colour blending and delicate shading for a sophisticated finish.

From our live show **Product Demonstration - Lamination Set - Slice of Joy and Time for Tea - 290825A** (29 August 2025) - watch it from 22:00.

WHAT YOU WILL NEED

- Carta - Traditional Watercolour Paper - A5 - WCPA501
- Stamps By Me Lamination Stamp Set - Slice of Joy - 270125E

STEP 1

Trim your white watercolour card to a smaller size to create a mini card format. Place the trimmed white card centrally onto the kraft card base.

STEP 2

Ink the solid teapot stamp with teal ink, tapping gently to ensure even coverage across the stamp surface.

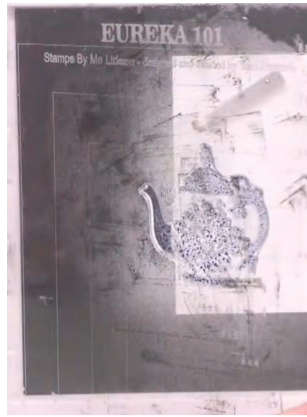

Watch this step: 24:30 into the show

STEP 3

Spray the inked stamp three times with water using a water spray bottle to create a wet, blendable surface on the watercolour paper.
Watch this step: 25:45 into the show

STEP 4

Press the lamination stamp firmly onto the watercolour card and hold for a moment to ensure good contact.
Watch this step: 26:00 into the show

STEP 5

Use a dry baby wipe to blot away excess water and puddles from the teapot image, whilst keeping the blue watercolour wet on the surface.
Watch this step: 28:00 into the show

STEP 6

Align the detail stamp over the solid blue teapot image, using the packet as a guide to ensure proper placement of the decorative pattern.
Watch this step: 29:45 into the show

STEP 7

Ink the detail stamp with the same teal colour. Stamp the image twice onto the teapot for better definition and depth.
Watch this step: 31:00 into the show

STEP 8

Using a damp brush with a light grey or heather ink, paint a soft shadow underneath the teapot to ground the image. Apply the colour lightly to create a subtle watercolour effect.
Watch this step: 36:15 into the show

STEP 9

Mount the finished stamped teapot panel onto a craft-coloured card blank to complete your card.

Watch this step: 37:00 into the show

TIPS FROM THE SHOW

- Watercolour card allows the ink to sit on the surface longer, giving you time to move colour around and create better blending than standard card stock.
- Spray the stamp multiple times with water; if it becomes too flooded, spray again with fewer spritzes to control the moisture.
- Use the packet as a visual guide to align your detail stamp perfectly over the solid base stamp.
