

Magnolia Garden Quattrad Layered Card

21 JULY 2025

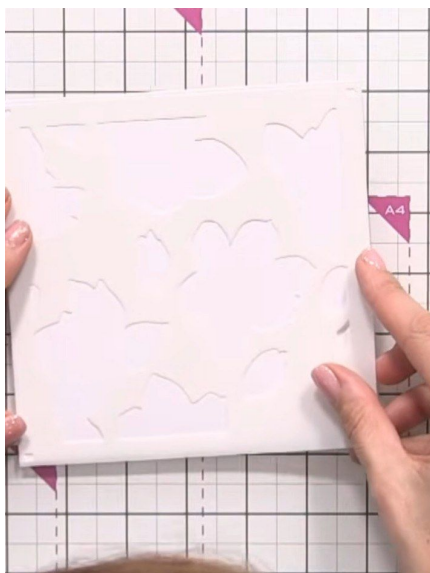

Create a stunning four-stage layered card featuring a beautiful magnolia garden design with vibrant yellow, pink, orange and blue florals accented with glitter. This elegant card showcases dimensional depth through stencilling, stamping, die-cutting and 3D embossing techniques, finished with a decorative shamfered edge frame.

From our live show **MY PODCAST - Catch my latest updates broadcast 21st July 2025** (21 July 2025) - watch it from 33:00.

WHAT YOU WILL NEED

- Stamps By Me - Premium Dye Ink Pad - Magenta - 040522C
- Stamps By Me - Premium Hybrid Ink - Midnight - 121022N
- Stencil & Die Set - Magnolia Dreams - 160824A

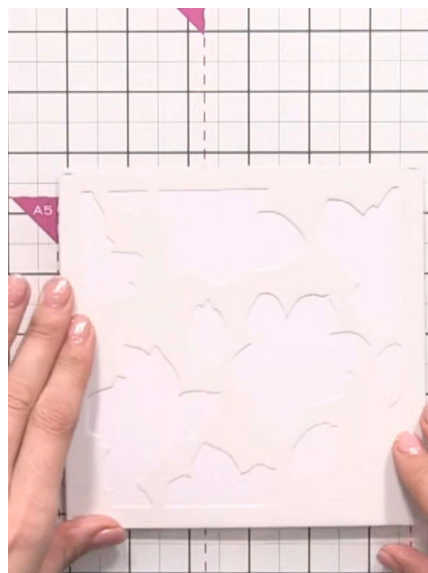

STEP 1

Place the first numbered stencil (number one) onto your 6x6 white card blank, positioning it carefully and ensuring it is aligned correctly on the card.

Watch this step: 35:15 into the show

STEP 2

Apply colour to the stencil using brushes and ink pads. Work with yellow, orange and pink inks for the flowers, and teal for the leaves, blending multiple colours together.

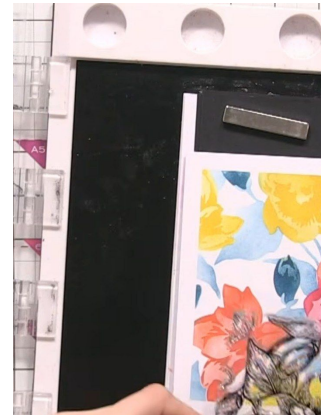

Watch this step: 36:30 into the show

STEP 3

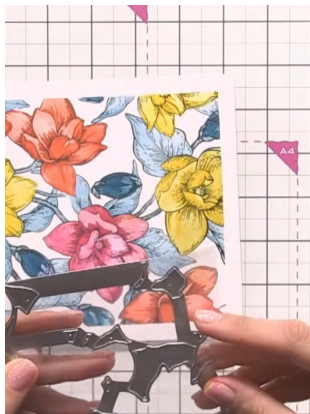

Remove the first stencil and position the second stencil over the coloured area. Apply blue ink to the leaves using the Midnight ink pad, then repeat the flower colours (magenta, pink, yellow, and coral) on the remaining floral elements.
Watch this step: 40:45 into the show

STEP 4

Position the third stencil over your card and apply colour lightly using the ink pads. This stencil adds texture, leaves and stalks to the background, so work gently to preserve the detail.
Watch this step: 43:15 into the show

STEP 5

Position the magnolia stamp over your stencilled floral design. Stamp twice using the black ink pad to create deep, detailed impressions of the magnolia flowers and leaves.
Watch this step: 46:00 into the show

STEP 6

Place the magnolia die over the stamped floral design and run through your die-cutting machine to cut out the magnolia shape.
Watch this step: 50:30 into the show

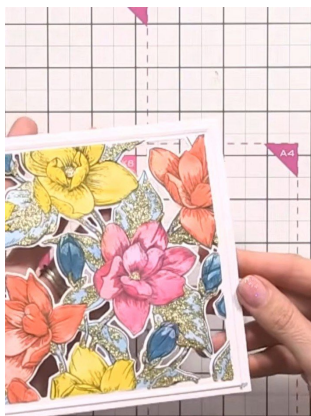

STEP 7

Place the die-cut floral design into the embossing folder with the chamfered edge facing up, then run through your die-cutting machine to create raised 3D detail on the flowers.
Watch this step: 52:30 into the show

STEP 8

Apply Stella paste gently to the fourth stencil area on the embossed card, working carefully around the raised floral details to add final texture.
Watch this step: 54:30 into the show

STEP 9

Trim the finished floral panel to your desired size.

Mount it onto a white card base to complete your card, or alternatively add acetate behind the panel for a shaker window effect if preferred.

Watch this step: 1:00:15 into the show

TIPS FROM THE SHOW

- All elements of the Quattrad system can work independently—you can skip the die-cutting and just use the embossing folder to keep a white background.
- For masculine cards, use monochromatic colours such as black to grey, or brown to dark brown tea-dye tones.
- The Stella paste goes a long way, so use only a small amount and apply gently to avoid disturbing the embossed surface.
