

Layered Magnolia Floral Card with Ink Blending

14 MARCH 2025

ONE DAY
SPECIAL

Create a beautiful layered card using the Magnolia Dreams stencil and die set with ink blending techniques. This project demonstrates how to build up colour through multiple stencil layers to create depth and dimension, resulting in a soft, artistic floral design.

From our live show **ONE DAY SPECIAL - Join Toni for her brand new launch - Broadcast 14th March 2025** (14 March 2025) - watch it from 27:00.

TIPS FROM THE SHOW

- You can use the die as a standalone piece and colour it in, then layer another die-cut on top to hide your workings.
- Cut from corner to corner on the mat layer to create a subtle gap rather than a full mat and layer effect.
- Use foam pads in corners only if you want the same level as the base, rather than raising the entire piece.
