

Layered Stencil Watercolour Flower Card

12 MARCH 2025

Use a numbered layering stencil system to build up a multi-layered watercolour flower effect. Each stencil layer is precisely aligned using heart registration marks, allowing you to create professional-looking floral designs with minimal effort.

From our live show **IDEAL WORLD - Join Toni and Yiannis for the latest Stamps By Me product launch - Broadcast Wed 12th March 25** (12 March 2025) - watch it from 1:14:30.

WHAT YOU WILL NEED

- Inspirational Bookazine Kit - Magazine - 250125A

Prepare your card stock and identify the first stencil in the numbered layering system.
Watch this step: 1:14:45 into the show

Align the first stencil (number 1) on your card, using the heart registration marks as guides.
Watch this step: 1:15:00 into the show

Apply pink ink through the stencil using a brush, creating the first layer of the flower.

Watch this step: 1:15:15 into the show

Remove stencil number 1 and align stencil number 2 using the same heart registration marks.

Watch this step: 1:15:45 into the show

Apply a second colour (yellow or contrasting shade) through stencil number 2 to build the next layer.

Watch this step: 1:16:00 into the show

Continue with stencils 3, 4, and 5, applying different colours and building up the layered flower design.

Watch this step: 1:16:30 into the show

Allow the inks to blend naturally where colours overlap, creating a watercolour effect.

Watch this step: 1:17:00 into the show

Once all layers are complete, add any final details or sentiments to complete your card.

Watch this step: 1:17:15 into the show

TIPS FROM THE SHOW

- The numbered stencils and heart registration marks ensure precise alignment for professional results.
- Layering stencils level the playing field—both beginners and experienced crafters can achieve beautiful results.
- You can use any colour combination; you don't have to follow the suggested colours.
