

Layered Floral Stencil Card with Dye Cut

23 JANUARY 2025

Create a stunning layered floral card featuring beautiful daffodils with dimensional depth. Using coordinating stencils and dies, you'll build up delicate yellow and coral blooms with soft watercolour washes and precise die-cutting. The finished card showcases elegant botanical artwork with a 'Gorgeous' sentiment, perfect for spring celebrations or special occasions. From our live show **HSN JANUARY PRODUCT PREVIEW - Join me for my Sneak Peek - Broadcast 23rd January 25** (23 January 2025) - watch it from 32:15.

WHAT YOU WILL NEED

STEP 6

STEP 7

STEP 8

Layer your die-cut floral shape on top of the stencilled background card to create dimension.

Position the die-cut element centrally over the background to complete the layered effect.

Use the outline die to cut your entire card into a shaped card format. This creates a decorative edge around the whole card with the floral design and 'Happy Days' sentiment.

Watch this step: 36:00 into the show

Display your completed cards together to show the variety of designs created using the same stencil and die set with different colour combinations and sentiments.

TIPS FROM THE SHOW

- You can create shaped cards using the outline die, which looks beautiful in an envelope rather than a standard square or rectangle.
- Experiment with different colour combinations—the stencils work beautifully in unexpected colours like blues and browns, not just traditional yellow and blue.
- You don't have to use the stencils at all if you prefer—you can use just the die-cut element on its own.
