

Nested Pocket-in-Pocket Page with Pull-Out Tab

25 NOVEMBER 2024

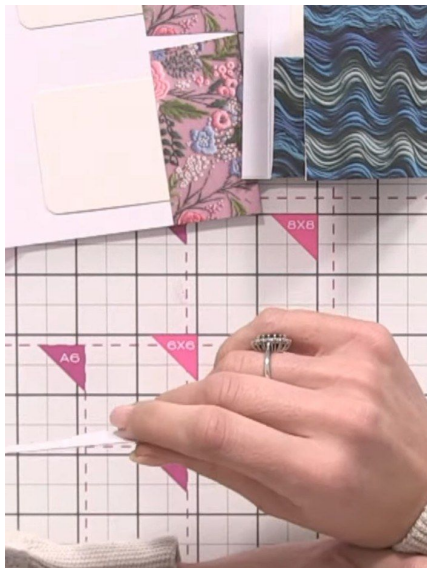

Create a sophisticated 6x6 album page featuring nested pockets with decorative patterned papers in blues, pinks and florals. This layered design incorporates a pocket within a pocket, complete with a pull-out tab bookmark, adding dimension and interactive elements to your memory keeping. The main techniques include precise paper folding, layering multiple patterned papers, and creating functional pull-out elements.

From our live show **MIGHTY MONDAY - Join Toni for her detailed papercrafting sessions - Broadcast 25th November 24** (25 November 2024) - watch it from 31:00.

STEP 2

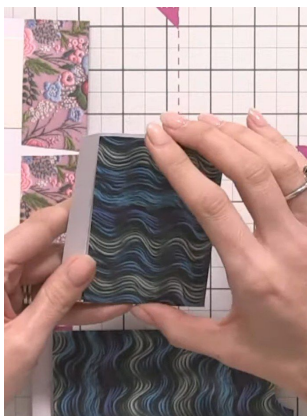

Score and fold the blue wave patterned paper to create a base pocket. Position the folded pocket on your work surface with the opening at the top.

STEP 3

Cut a strip of the floral patterned paper slightly shorter than the height of your pocket piece. This will be used to create a contrasting insert for the guillotine pocket.

STEP 4

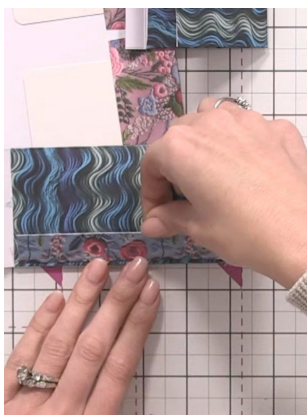

Punch two tab shapes from offcut paper using your tab punch.
Watch this step: 31:45 into the show

STEP 5

Attach one tab punch to each end of your paper strip using adhesive tape to create pull-out handles for the pocket.
Watch this step: 32:00 into the show

STEP 6

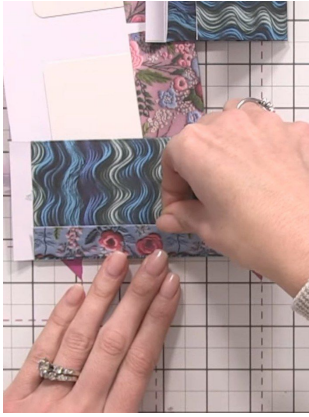

Take an offcut of the wave-patterned paper and score quarter-inch lines along one edge. Fold along the score lines to create a small pocket, then attach the floral-patterned paper strip to form the pocket base.
Watch this step: 32:15 into the show

STEP 7

Adhere the small pocket (with the blue wavy pattern) to the inside of your base pocket (with the floral pattern). Position it carefully so the edges align neatly.
Watch this step: 32:30 into the show

Place your tabbed paper strip inside the nested pocket, sliding it down into position so the tab extends above the pocket opening.
Watch this step: 32:45 into the show

STEP 9

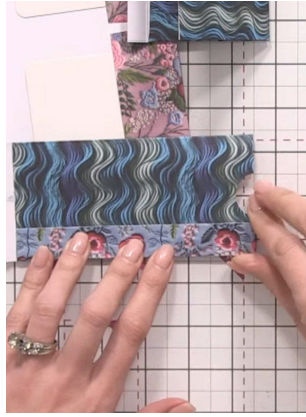

Seal all pocket edges with double-sided tape or glue.

Press firmly to ensure the floral patterned strip is securely attached to the wavy blue patterned piece, creating a sealed pocket edge.

Watch this step: 33:00 into the show

STEP 10

Trim away any excess hinge material from the edges to reduce bulk before adding the page to your album.

Watch this step: 33:15 into the show

TIPS FROM THE SHOW

- Nested pockets create wonderful movement when pages are opened and closed.
- Tab punches make it easy to pull items out of deeply nested pockets.
- Always use solid glue rather than tape pens for gifts, as tape pens dry out and pages fall out.
