

Lamination Stamp Floral Card with Watercolour...

24 OCTOBER 2024

Create a beautiful floral card with a realistic watercolour effect using a two-part lamination stamp system. This elegant design features blue and yellow flowers with green foliage on a white background, framed with black matting and the sentiment 'Thanks a bunch!'. The technique involves colouring solid stamp portions, spraying with water, stamping, then layering detailed stamps on top to achieve a painted look without actually painting.
