

Fussy-Cut Moon and Birds Scene Card

2 AUGUST 2024

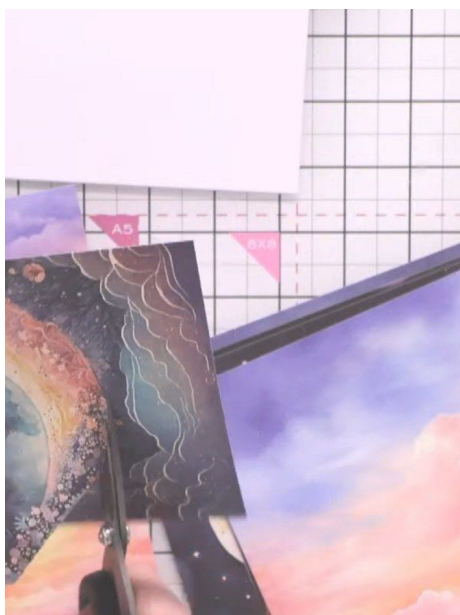

Create a charming nighttime scene card featuring a crescent moon with birds perched on a branch. This whimsical design uses soft peach and navy tones with fussy-cut elements layered to build depth. The main techniques include fussy-cutting patterned paper, layering die-cut shapes, and adding embossed details to create a complete narrative scene.

From our live show **SBM EXCLUSIVE ONE DAY SPECIAL - Join Toni in the studio broadcast August 2nd 2024** (2 August 2024) - watch it from 45:30.

Cut the birds die from the Moonlit Skies die set using black cardstock or ombre paper. The die will cut through the paper pad easily. **Watch this step:** 48:45 into the show

Cut cloud shapes from white or light-coloured paper. You can either fussy-cut them by hand or use a die-cutting machine if you have cloud dies available. **Watch this step:** 49:30 into the show

STEP 6

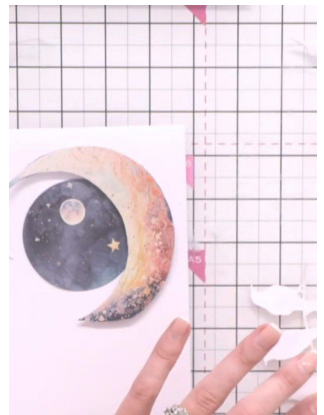

Apply white pigment ink to the embossed moon using an ink pad to highlight the embossed detail.

Watch this step: 54:00 into the show

TIPS FROM THE SHOW

- Place cardstock underneath thin paper before embossing to bring out more detail in the die-cut.
- Fussy-cut elements allow you to use the negative space as additional design pieces.
- Edge clouds with a grey ink pad or marker to add dimension and depth to the scene.
