

Magnolia Create a Card Kit – Scrapbook Page Layout

27 JULY 2024

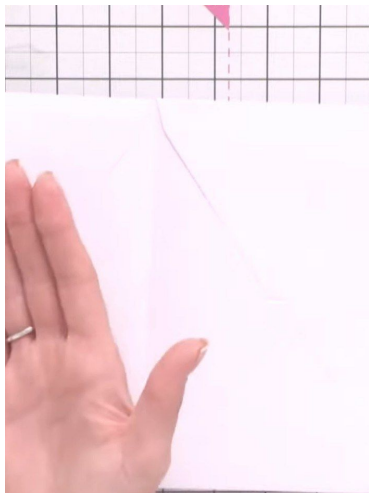

Create a beautiful 12×12 scrapbook page using components from a card kit, featuring festive Christmas imagery including robins in red hats, seasonal greetings banners, candles, and charming bunnies. Layer patterned papers with elegant floral and foliage designs in soft greys, pinks and whites, then arrange pre-cut toppers and embellishments to build a cohesive festive layout. This project demonstrates how to transform card-making supplies into a stunning scrapbook page through thoughtful composition and layering techniques.

TIPS FROM THE SHOW

- Think beyond cards – the kit elements work beautifully on 12×12 layouts.
- Leave space for photos or journalling so the page does not feel too busy.
- You do not have to add lots of embellishments; a few well-placed elements can be more effective.
