

Creative Background Card with Reflection Trees

30 MAY 2024

Create a striking background card featuring reflection tree stamps to build a layered forest effect with atmospheric depth. Using distress inking techniques, you'll create tone-on-tone stamping in soft pinks and greys to achieve a dreamy, artistic look. This project demonstrates how to layer stamps effectively to create dimension and visual interest on your handmade cards.

From our live show **CRAFT BATTLE USING THE BOOKAZINE** - Join the fun, chaos and intense creativity as Toni and Sarah go **HEAD-TO-HEAD** - broadcast 30th May 24 (30 May 2024) - watch it from 25:30.

WHAT YOU WILL NEED

- Inspirational Bookazine Kit - Magazine - 110324A

STEP 1

Stamp the reflection tree design onto your black card using your chosen ink colour. Press the stamp firmly and lift away carefully to reveal the image.

Watch this step: 26:30 into the show

Select a black card base and place it on your craft mat. Position your ink pads and sample cards nearby for easy access.

Watch this step: 26:00 into the show

Apply distress ink around the stamped trees using a blending tool to create depth and shadow. Work the ink gently around the edges of the tree images to add dimension to your background.

Watch this step: 27:15 into the show

Layer additional tree stamps at different heights on your card to build up a forest scene. Use the Eureka 101 stamping platform to position the stamps accurately. Stamp the trees in varying positions to create depth and interest.

Watch this step: 28:00 into the show

Add a sentiment from the stamp set to your card.

Position the text stamp where desired and stamp onto the card panel to complete your design.

Watch this step: 28:45 into the show

Use a blending tool or sponge to gently blend and soften the edges of the inked areas on your card.

Work in circular motions to create a smooth, cohesive transition between colours for a professional finish.

Watch this step: 29:30 into the show

TIPS FROM THE SHOW

- The reflection collection stamps work beautifully as individual elements and can be turned around to continue the pattern.
