

Storytelling Card with Layered Trees

30 MAY 2024

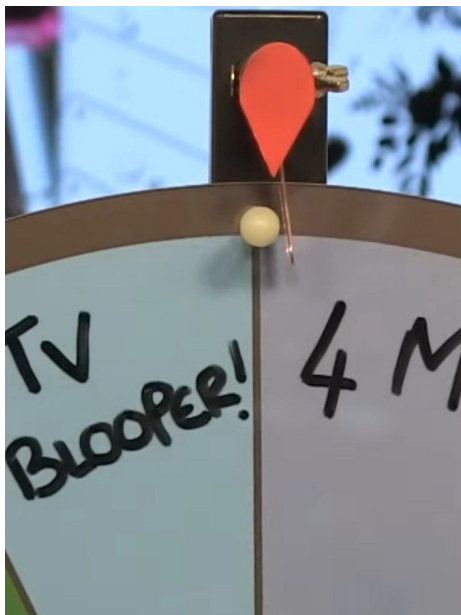

Create a beautiful storytelling card featuring layered tree silhouettes reflected in water. This elegant design uses warm sunset tones of yellow, orange and red combined with deep forest greens to create a serene landscape scene. The project demonstrates stamping techniques for creating mirror-image reflections and layering colours to build atmospheric depth. From our live show **CRAFT BATTLE USING THE BOOKAZINE** - Join the fun, chaos and intense creativity as Toni and Sarah go **HEAD-TO-HEAD** - broadcast 30th May 24 (30 May 2024) - watch it from 33:45.

Apply distress ink to the card panel using a blending tool in gentle circular motions. Work the ink across the surface to soften edges and create atmospheric effects around the stamped tree image.

Mount your finished design onto a grey card base for added impact. This creates a contrasting border that frames the tree scene beautifully.

Review your finished cards to ensure the storytelling elements are clear and the design is balanced. Check that the layered tree reflections create a cohesive scene and the sentiment complements the imagery. Make any final adjustments to the positioning or colour placement if needed.

TIPS FROM THE SHOW
