

Decorated Gift Box with Coordinating Design

A PROJECT FROM OUR LIVE SHOW - CREATE AND CRAFT TV - 3 APRIL 2024

ABOUT THIS PROJECT

Transform a plain white box by decorating the lid with patterned paper, vellum strips, and layered ephemera elements. This project demonstrates how the same design techniques used for cards can be applied to three-dimensional gift packaging.

TIPS FROM THE SHOW

- Cinching a design by gluing only the edges creates a neater look than using foam pads all over.
- You can put a small gem or embellishment over glue spots to hide them.
- The same design elements can be used on both the box and a coordinating card or envelope.
