

Layered Hummingbird Stencil Card with Sparkle

A PROJECT FROM OUR LIVE SHOW - CREATE AND CRAFT TV - 12 MARCH 2024

ABOUT THIS PROJECT

Create a dimensional hummingbird card using a six-layer stencil system with coordinating die cuts. The stencils build up colour and depth to create a striking focal point, which can be finished with sparkle paste and layered with a detailed exterior die for a shaped card.

- Follow the numbered stencil system in order to build up colour and dimension gradually.
- You can return to any stencil layer to add extra sparkle or detail at any point in the process.
- If you are making one card, make three at once to avoid repeatedly setting up and putting away your stencils.
